Chapter 20 Meeting & Board Elections

Tuesday, April 18, 2023 | 5:30 - 8:00 pm

Back Forty Texas BBQ Roadhouse & Saloon
100 Coggins Dr. | Pleasant Hill, CA 94523

An Invitation from your Chapter Rep ...

Throughout the past year the Board has asked membership to step up into a Board position or leadership role. We have been met with proverbial crickets! Chapter 20's Board met recently and all of us agreed it is time to have elections. This is not just about elections, it is also about the future of Chapter 20.

Speaking with leaders of other chapters we see the successful chapters have admin assistance. We believe this might be the way to go for our chapter. It will be all hands to get through to our membership on the importance of coming to this meeting. This will determine the future of Chapter 20 moving forward. There will be decisions made by a vote that will affect how we all proceed. All good stuff.

We all feel that this might be a great way to help have the chapter administered and take load off our membership moving forward. It will all depend on what our membership decides and if they are willing to take a leadership role. This could also spur members to take a board position knowing they are a part of the decision making process, but not having to invest time to come up with the process.

Please make this meeting a priority on your calendar! We'll have some fun too.

ASC-CA Chapter 20 MISSION STATEMENT

"To promote professionalism throughout our industry by upholding our state code of ethics and sharing our successes and failures with our members and future members". "To elevate and unite automotive professionals and give them a voice".

*ASCCA Mt. Diablo Chapter 20 welcomes
new Associate Member
Heath Blake ~ Revenue Now, Inc. !*

Revenue Now Inc started as a Sales Training and Consulting Corporation in 2001. Since then we have developed the Revenue Now Service Program that integrates with most Shop Management Systems.

The Service Program is a copy of the Navy maintenance service program used to maintain our military's aircraft.

When implemented into a shop the Service Program provides transparency, efficiency and increased service revenue.

In 2018 we became the Justice Brothers Quality Additive Lubricant and Cleaner Distributors from San Luis Obispo County to Mendocino County. As of this year we are the Justice Brothers Distributors for all of Central and Northern California, and Northern Nevada. Automotive repair is our focus - we currently supply to over 600 auto repair shops in California and 300 shops in Nevada.

We are very excited to be a part of the ASCCA and look forward to showing the ASCCA how to make more REVENUE NOW.

785 Oak Grove Rd Concord CA 94518. (650) 594-1309

FOR IMMEDIATE RELEASE

**Automotive Service Councils of
California Announces Corporate
Partnership with AutoVitals**

San Diego, CA: The Automotive Service Councils of California (ASCCA) is proud to announce its most recent corporate partnership with AutoVitals, a leading provider of SaaS solutions to automotive repair and maintenance shops.

AutoVitals supports auto repair shops with a variety of robust features, including shop efficiency tools and digital marketing assistance. Repair shops can save time, streamline shop operations, and increase profitability with workflow automation, Digital Vehicle Inspection (DVI) tools, and communication features. On average, repair shops leveraging AutoVitals increase their ARO by 30%.

"AutoVitals' commitment to providing quality digital vehicle inspections, workflow, websites, and digital marketing solutions that improve our members' bottom line aligns with our goals at ASCCA," said Jim Silverman, Revenue & Benefits Chair at ASCCA. "Our members now have a new solution at their disposal to continue providing exceptional service to their customers, increase profitability, and take their shop to the next level."

VIEW FULL PRESS RELEASE

ASCCA Members Making a Difference ...

Through our Rotary's Cars2ndChance car donation program we had a beautiful, low mileage motorhome donated. Through an odd quirk of fate we were at a presentation given by the non profit, "Hope 680" and they mentioned their need of a motorhome for their trips

along the 680 corridor where they serve the homeless. Immediately I realized that this motorhome had a special destiny and that was to be part of the "Hope 680" project.

Just one little bump in the road, the motorhome was donated because it's catalytic converter was stolen! With the assistance of the Bureau of Automotive Repair, Dave was able to put together the pieces and purchase a catalytic converter that would pass regulation inspections. Now to find an installer. I immediately thought of my old friend and fellow ASCCA member Steve Elstins, owner of West Coast Muffler. Steve opened his shop on Saturday to accommodate us, personally installed the converter and supplied parts and labor to build a cat cage to protect the converter. Steve refused payment for his services. This is what "paying it forward" is all about!

Thank you Steve! CVCS, Lamorinda Rotaries and Hope 680 appreciate you and your giving heart!

One more obstacle awaits us and that is to run the Motorhome through the smog process. Russ Anderson/owner/manager of Lehmers GMC in Concord, fellow Rotarian and ASCCA Member has offered to smog the vehicle for us. Almost there! Keep your fingers crossed and definitely know that Dave and I will be joining the Hope 680 team on their first trip in the Motorhome along the 680 corridor.

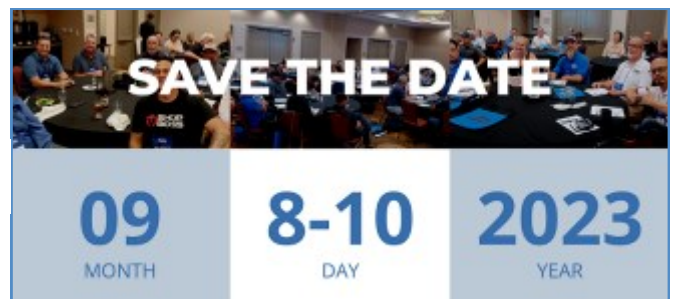

Mary and Dave Kemnitz

Mary's footnote: It was just such an odd thing for us to have this motorhome come in as a donation and then literally a week later we found a home for it and such a beautiful home. I also loved how teamwork made the dream work as we worked with the Bureau to unravel the mystery of the correct converter, we called upon fellow Rotarian, Richard Lueck's skills, to drive the motorhome for repair, I asked a long time friend to do the repair thinking we would pay him and instead he offered to open his heart to the project. Russ Anderson stepping up to provide the smog was just the last beautiful piece.

ANNUAL TRAINING CONFERENCE

CROWNE PLAZA, COSTA MESA, CA

2023 ASCCA Training Conference Call for Sessions The ASCCA 2023 Training Conference is scheduled for September 8-10, 2023 at the Crowne Plaza Costa Mesa. Please submit your session ideas by **5:00 pm, March 13, 2023**. If you have multiple session ideas to submit, you can use the same form. Simply number each title, description, and objectives in questions 2-4.

The cut-off date for making reservations with the hotel at the discounted rate is **Friday, April 28, 2023**. Any reservations made after this date are subject to full published hotel rates. Rooms are not guaranteed to be available after our cut-off date. Please book your room ASAP to avoid not getting a room.

We're excited to be back in Concord, CA with a new EV & HYBRID SAFETY & SERVICE. This seminar and the 144-page manual are filled with examples of how to safely and quickly work in and around high voltage vehicles. Please let me know via email or phone if you want to sign anyone up.

Thank you!

Eboni Wheaton

eboni@atgtraining.com

EV & HYBRID SAFETY & SERVICES

CLASS DESCRIPTION: Most high voltage vehicle training focuses on the diagnosis and repair of batteries, motors, and other high voltage systems. This seminar is for everyone else! Most of the service and repair work that needs to be performed has nothing to do with high voltage, so a very different kind of training is needed. This seminar was developed to help all workers that handle EVs and hybrids - maintenance technicians (including those who want to progress to high voltage training), tow truck drivers, detailers, and anyone else who might ask the questions: What can I safely touch, and how do high voltage systems change the way I do that? Even simple tasks such as vehicle lifting may require a little extra knowledge. Brake pad replacement? Fluid service? Those too! Even running through a car wash may require some extra steps.

Specific topics include:

- Labels and other warning information
- Tech level requirements per task
- Rolling & towing problems & solutions
- Starting, shifting, one-pedal driving, modes and other funky EV & hybrid features
- Extensive charging info, including user selected time and level settings
- Best practices, gloves & tools
- Disabling & verification
- Normal services discussions

This seminar and 144-page manual are filled with examples of how to safely and quickly work in and around high voltage vehicles. But there's no way to cover every topic on every vehicle, so just as importantly, we discuss the questions to ask and where to find the answers for each vehicle. It's not always in service information!

Application Now Open for ASCEF SCHOLARSHIPS! Apply Today!

Applications are currently being accepted for the Automotive Service Councils Educational Foundation (ASCEF) 2023 scholarships! Each year, the ASCEF awards scholarships ranging from \$500 - \$1,000. These scholarships provide assistance to current under-graduates who are in the automotive service field.

Overall Qualifications: You must be planning to seek employment in the California after-market/independent repair industry and be a:

- California high school senior who plans to enroll in post high school technical and academic training, or
- California college under-graduate in the automotive service field.

Applications must be submitted by March 31, 2023.

To apply online visit: <https://automotivescholarships.com/scholarships/ascca>

The ASCEF is a nonprofit corporation dedicated to supporting and advancing the entire automotive industry through technical education and training, scholarships, and other industry inspired programs.

To learn more about the ASCEF, visit www.ascef.org.

Questions? Contact Kate Peyser at 916-290-5828 or kpeyser@amgroup.us.

Tips for Scholarship Applicants

Monthly ASCCA Newsletter for Members

<https://www.ascca.com/news/wyntk-archive>

The monthly newsletter replaces the weekly *What You Need to Know Report* and arrives in your email inbox

Our Chapter newsletter will link to it - to minimize duplication or overload

Here is the **February 2023 edition** : ATE Training, Legislative Advocacy Event, ESI featured, access to ASCCA benefits page, training opportunities, new members, ASCCA committees.

ASCCA Advantage

Automotive Service Councils of California

The Association Membership that Matters Most for You

The Automotive Service Councils of California – ASCCA – is here to help you improve your repair shop operations today, saving you time AND money while positioning your shop and the industry for long-term growth and success tomorrow.

Fighting for the Industry To Unite and Elevate Automotive Professionals and Give Them Voice

Doing business in California comes with countless challenges – ASCCA helps to shape state laws and regulations to minimize their impacts on auto repair shops and make them work in the real-world. With our relationship with the Bureau of Automotive Repair, we are able to help create guidelines that protect the consumer as well as our shops.

Accessible Network

ASCCA members represent a wealth of information and experience – through the Team Talk online forum, webinars, local chapter events, and state-level events you can tap into a large network for advice and insights to improve your skill set and business.

Access to Information

Auto repair shop owners wear many hats – and ASCCA will give you information and tools to be a successful small business owner. ASCCA's free legal consultations (valued at \$225 per month), business management advice, HR services, industry education and access to business supplies and services can all make your job easier and your business more profitable. ASCCA provides access to the top shop owners across the state to discuss ideas and strategies to better run your business.

Positioning You for the Future

The industry landscape is changing, and auto repair shop needs as well as our customers' needs are evolving – ASCCA will help you navigate these changes with cutting edge training and information. ASCCA will help you understand new vehicle systems, guide you in creating new procedures and processes to effectively and profitably run your business, and help you adopt the right technologies so you are best prepared to serve your customers moving forward.

CARS 2ND CHANCE

Donate A Vehicle And
Be The Difference
In Someone's Life

**Donate Your Vehicle,
Running or Not!**

CARS • TRUCKS • MOTORCYCLES

We will accept anywhere
from within 100 miles of
a major city.

Visit us and donate online today at:

Cars2ndChance.org

Call for more info: (925) 326-5868

Ask about our **Charity Partner Program**, almost anywhere in the USA!

Rotary

Sponsored by the Rotary Clubs of
**Clayton Valley/Concord Sunrise
and Lamorinda Sunrise**

**ASCEF Vehicle
Donations -
THANK YOU!**

Help us reach this year's goal by providing your customer with a simple way to donate an unwanted vehicle quickly and safely!

It's easy and the pick-up is free!

The proceeds from the sale of the vehicle will help us continue to award scholarships to students wanting to develop a career in the automotive aftermarket industry!

Donating saves time and money on repairs and maintenance.

Added value to your shop while supporting an automotive industry nonprofit.

Our Vehicle Donation Support Team is here to guide you every step of the way.

We help you take care of the paperwork and provide you with any necessary tax documents.

Vehicle donations are tax-deductible.

To donate, call (800) 745-6121

We accept all types of vehicles that meet the following basic requirements:

Vehicle has a clear title.

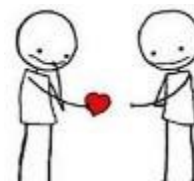

Vehicle is in one piece.

Vehicle is accessible for safe towing.

Vehicle does not need to be running.

For more information about the advantages of donating a vehicle to ASCEF, visit ascef.org.

Our Vehicle Donation Support team is available seven days a week to support you every step of the way.
