### SECRETARY - OPEN

### EDUCATION DIRECTOR OPEN

### MEMBERSHIP DIRECTOR OPEN

### MEETING COORDINATOR OPEN

We had a great time at the regional BBQ this past weekend. It was great to see so many people in one place. We had great collaboration between all the bay area chapter leadership and everyone chipped in to make this first event take off. We all learned a lot about each other, and look forward to Chapter 21 across the Bay hosting the next event. We had over 50 people attend, and from as far away as Los Angeles!

Our state president Carolyn Coquillet from Luscious Garage/ Shopware flew in from Seattle and her head technician Darin Dinis drove a Tesla and gave an amazing presentation about the inner workings and diagnostic strategies. Attendees even got the chance to interrogate the vehicle with the scan tools he brought. It was great information.

Ryan Burton from LeadsNearMe flew in from Georgia. He discussed google/social media strategies. He did some deep dives on shop marketing, getting the right leads, and many other awesome topics. The shop owners in attendance all had great feedback. He also had some great stories! Ryan is an amazing presenter and I hope we can see him again sometime.

Make sure to keep your eyes peeled for the next regional meeting coming in a few months!

*Andrei Obolenskiy*

Thank you to Art Ratner, Chapter 16, for sharing photographs...

# Picnic of the Century

# Chapter Rep Report

April 2022

## Chapter Rep Committee Meeting notes

The main topic was getting the chapters back into meetings, and opening back up. We reviewed and shared the meetings going on around the state and who was speaking. This tied into the new member portal, and events being posted there as well. The main focus right now is to bring back engagement for our members.

“Membership Portal Update – A. Mullinax reported that the launch was moving forward successfully. However, staff was verifying that reports were pulling accurately prior to distributing to Chapters. Tim Chakarian has volunteered to record a video that will provide instructions to members on how to update their profiles, add pictures, as well as a preferred cell phone number.” (Link on Page 5)

## Chapter 20 Education Committee:

We have had feedback from chapter members about the need for technicians. Having a solid apprentice program is how we can solve this long term. We are asking members to volunteer for this committee. It will be tasked with coming up with a plan to re-engage the local trade schools. We have a seat at the table, but no one is there to sit in it! The manufacturers are there, and the dealers are there. It is time we get back to the table, re-engage the students, and show them how great it is to work in our independent shop world!

The commitment is 4 hours a month. Reach out to me if you are interested, and I will get you on the list!

MONDAY - FRIDAY, 8:30AM - 5:30PM

**Berkeley Minicar**  
SERVICE YOU CAN TRUST, SINCE 1980

**ASCCA Chapter 16 welcomes  
our newest member!**

Andres Manriquez and  
front office team

<https://www.berkeleyminicar.com/>

Jon Dorr - "We had over 150 cars and gave out 8 handmade trophies. Everyone had a great time and there were a lot of people that walked through from the community."  
 Thank you to Hannah Dorr for the pictures.

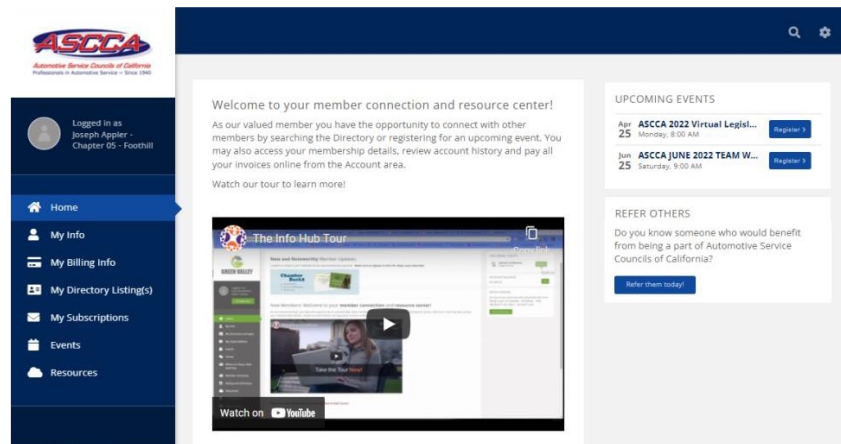

## The New ASCCA Membership Portal

ASCCA has updated its membership database and many tasks that necessitated a call to the office can now be done by YOU at time that is convenient for YOU. Pay your membership dues, update your account profile, and access other resources available to ASCCA members.

### [Create your login here](#)

“Have you been to the ASCCA YouTube channel? You should! Check out the video Carolyn & I made last month. We had so much fun, I can’t wait to see the outtakes.”

*Tim Chakarian, ASCCA Ch 5 President*

<https://www.youtube.com/watch?v=NoFSspPoME0>

Reminder: A couple of pointers for you for the initial visit to the portal:

- You need to use your email address that is registered with the ASCCA office for this login creation. This is the same email address that received this invite.
- Your username will automatically be **FirstName.LastName**.
- Once you are logged in, you can access your financial status by reviewing "My Billing Info" which is located on the navigation bar on the left side. You will be able to pay your dues, update billing info, etc., at this spot.

Please be sure to login often and check for updates. Be sure to keep your own information accurate so that others in the ASCCA community can reach you!

## ASCCA 401k Program ~ Employee Benefit

Great meeting this weekend!

Thank you to all who participated!

As discussed, ASCCA is facilitating a new ASCCA 401k Program member benefit. Several webinars have been scheduled so any member with questions about the program can learn more about how the ASCCA program will benefit their business.

A direct link to the program landing page and information about the upcoming webinars are provided below. Informational brochures have also been added to the Chapter Resources folder:

### [Chapter Resources Folder - 401K Program](#)

Please feel free to reach out to me if you have any questions about the program, as I am happy to connect members to get more information.

<https://www.tagcobrand.com/ascca/>

### **Last chance to catch the ASCCA Webinar on this new program:**

ASCCA Retirement Program: CalSavers Mandate

ASCCA members are invited to attend anyone of the following free Zoom webinars to learn more about the CalSavers mandate effective June 30, 2022 deadline for employers with 5+ employees to have a retirement plan in place for workers and the new ASCCA sponsored 401k program.

**May 24<sup>th</sup>: 7:45AM – 8:00AM**

# New ASCCA Member Benefit Employer 401k Employee Retirement Program

ASCCA has launched its newest exclusive member benefit program, an Employer 401k Employee Retirement Program to help employers meet the new mandate.

## Why a 401k Program is Important to Employers:

**It's now mandatory for California businesses to offer either a qualified retirement plan or state-sponsored option.**

**By the next deadline in June 2022, companies with 5+ employees must offer a plan or face fines.**

**Learn how a 401(k) plan may outperform the state-provided IRA option.**

California has implemented a state retirement mandate that requires businesses that employ five or more employees to offer a qualified retirement plan or register with the state option, CalSavers. An employer is not required to participate in CalSavers if it sponsors or participates in a retirement plan such as a 401(k) plan or pension plan. In order to be exempt from CalSavers, an employer may sponsor a retirement plan for any of its employees; California employees need not be covered by the retirement plan in order for the employer to be exempt.

## Want to explore the advantages of offering your employees a 401(k) benefit instead of the state retirement plan?

The ASCCA program offers you an easy, affordable opportunity to provide a 401k retirement plan to your employees.

## A better fit for you and your employees

Less risk for you also means more security for the employees you manage. This can lead to better and more qualified employees.

**5 THINGS EVERY EMPLOYER WANTS IN A 401(k)**

You want to provide a retirement plan for your employees that...

1 IS EASY TO ADMINISTER	2 MINIMIZES FIDUCIARY LIABILITY	3 IS COMPLIANT	4 IS COST COMPETITIVE	5 TEAMS WITH WELL-KNOWN PROVIDERS
ASCCA Administered Retirement Plan allows you to offer a retirement plan to your employees without the administrative burden of a company plan. You don't need to be an ERISA expert. Great Kiosk | 615-483-9031 | gkiosk@amgroup.com

## Cost Effective

Pooling hundreds of company retirement plans together provides scale that allows the ASCCA 401K Retirement Plan Exchange® to provide members with lower cost even with expanded services.

## Outsource Administration

Over 90% of your administrative tasks will be handled through the outsourcing administrative duties to retirement professionals.

## Outsource Liability

Simply failing to file a 5500 tax form on time can cost as much as \$2,140 Dollars PER DAY! Plans administered through the Retirement Plan Exchange are designed to meet IRS and DOL regulations.

Maylan Newton presents:

### *Handling the Phone Shopper*

Everyone seems to be struggling with the number of phone calls you get every day asking for pricing. Customers today are better informed, and in many cases, they have the same information you do about the repair of their car.

In this webinar, Maylan explores different ideas and procedures to get back to the value of the service you perform. He will walk through techniques on building relationships with these telephone shoppers and converting your callers into customers.

Learn how to build trust. Build value before the car is in the shop. And understand why quoting prices over the phone is not always a good thing. Understand your differences and how to use them to schedule an appointment with your phone shopper.

Sign up today and learn how to use Consultative and Relationship selling to build trust with your customers!

## Inside the Unique ASE Test Development Process

By Staff/Wire Reports on May 3, 2022

By Trish Serratore, Senior Vice President Communications, ASE

For the last 50 years, ASE - which is short for the National Institute for Automotive Service Excellence - has been working to improve the quality of vehicle repair and service by testing and certifying automotive professionals. ASE has become known as the pre-eminent independent non-profit organization working to uphold and promote high vehicle service and repair standards.

**aftermarket  
MATTERS**

Today, more than a quarter of a million individuals who currently hold ASE certifications work in every segment of the transportation industry, from automobile and medium/heavy trucks to transit and school bus, collision repair, parts, military and more. The path to ASE certification begins with one or more of 57 different tests. After passing at least one exam and providing proof of two years of relevant work experience, the individual becomes ASE Certified. The professional must be retested every five years to maintain certification.

The tests are no cinch to pass; usually, only two out of every three test-takers pass on their first attempt. The exams stress knowledge of real-world job-related skills with each test question developed through a strict writing and validating process. ASE test questions are written in workshops by experts in the subject matter of each specific test. The test development teams represent a national cross-section of the motor vehicle service industry, including current technicians, training reps from auto manufacturers and after-market, customer service professionals and educators.

Following is a step-by-step look at exactly how the ASE tests are developed:

1. Test questions are developed at test-writing workshops, typically including 10-20 working service professionals. Separate workshops are conducted for each ASE certification test.
2. At each workshop, the participants review and modify the necessary tasks to successfully perform each particular job category (such as suspension and steering systems).
3. Questions are written to correspond to job tasks. The diagnostic and repair scenarios are updated to reflect the most current and relevant technology and systems.
4. Trick questions and manufacturer-specific questions are not acceptable. The entire workshop reviews each question for clarity and technical accuracy to ensure there is only one right answer and three incorrect answers.
5. Accepted questions are included as non-scored "pre-test" questions and placed in "live" ASE tests to gauge performance. Since test-takers do not know which questions count, all questions are answered.
6. By this point, test questions have been validated. Based on how well a question performs in "pre-test," it may become a test question or be reconsidered in a future workshop.
7. Even after a question passes "pre-testing," ASE continues to monitor it. Each question is tracked for proper performance every time it is used in a test.
8. When a question becomes technically outdated, it is removed from the pool of test questions.

### New ASE website

ASE recently launched a new website at ASE.com, featuring a centralized online gateway for technicians, employers, consumers, and auto technology students and instructors. ASE.com provides sought-after information and resources and answers to frequently asked questions, plus step-by-step instructions for all users. The redesigned site also describes the expanded automobile test offerings with Spanish-language translations.

Technicians who visit the site can also learn to access the popular ASE Renewal App that allows service professionals to renew their A-1 through A-9 certifications from their PC or mobile device. Additionally, the site provides information about a recent new initiative — a series of tests for U.S. Military personnel. Successful completion of the tests, plus an experience requirement, will result in ASE military technician credentials for qualified candidates and identify skilled personnel who may choose to enter the civilian workforce.

## New Year New Goals!

This year ASCEF's goal is to receive \$45,000 in car donations!

Help us reach our goal by providing your customer with a simple way to donate an unwanted vehicle quickly and safely!

It's easy and the pick-up is free!

The proceeds from the sale of the vehicle will help us continue to award scholarships to students wanting to develop a career in the automotive aftermarket industry!

Donating saves time and money on repairs and maintenance.

Added value to your shop while supporting an automotive industry nonprofit.

Our Vehicle Donation Support Team is here to guide you every step of the way.

We help you take care of the paperwork and provide you with any necessary tax documents.

Vehicle donations are tax-deductible.

To donate, call (800) 745-6121.

We accept all types of vehicles that meet the following basic requirements:

Vehicle has a clear title.

Vehicle is in one piece.

Vehicle is accessible for safe towing.

Vehicle does not need to be running.

For more information about the advantages of donating a vehicle to ASCEF, visit [ascef.org](http://ascef.org). Our Vehicle Donation Support team is available seven days a week to support you every step of the way.

Thank you to Autotrend Diagnostics, Dave Kusa, and Brian Goldstein for donating a Hyundai Tucson. Your donation raised \$5,520 for the ASC Educational Foundation and will continue to help us award scholarships to students seeking a career in the automotive aftermarket industry.
