Automotive Service Councils of California Proudly Announces New Corporate Partnership with California Employer's Services

SACRAMENTO – The Automotive Service Councils of California is proud to announce its most recent corporate partnership with California Employer's Services (C.E.S) who are experts on Cal-OSHA and California Labor Law.

“The California Employer's Services has had a long working relationship with ASCCA, so we are excited to finally become a Corporate Partner,” said David Fischer, C.E.S. owner. “We look forward to this new venture and are here to provide important resources to ensure that automotive repair shops stay in compliance.”

Since 1997, C.E.S has been making compliance easy and knows how the laws are being enforced. Everything that C.E.S provides is customized to your business and its needs. They provide Employee Handbooks, Safety Manuals, Monthly Newsletters, 24/7 Employers Hotline, access to all State and Federal information as well as postings, plus much more. C.E.S takes care of you and keeps you from having to pay thousands of dollars in unnecessary fines from Cal-OSHA.

“If you're having trouble keeping up with the various labor laws in California that affect businesses, including Cal-OSHA, then C.E.S can help you,” said Todd Westerlund, Chair, ASCCA Revenue and Benefits Committee. “With over 20 years of experience, their knowledge and passion can help your automotive repair shop stay in compliance and ensure your workplace is safe.”

ASCCA Members will receive a \$150.00 discount on our Heat Illness Prevention Program. (Normally \$350.00, down to only \$200.00!)
