### **Automotive Service Councils of California Proudly Announces New Corporate Sponsorship with autotext.me**

SACRAMENTO – The Automotive Service Councils of California is proud to announce its most recent corporate sponsorship with [autotext.me](http://autotext.me). [autotext.me](http://autotext.me) is a comprehensive, cloud-based tool that offers simple solutions for workflow management, improved communications, digital vehicle inspections, and quality control. [autotext.me](http://autotext.me) was created by Chris Cloutier of Golden Rule Auto Care to solve communication gaps that cause workflow delays and waste valuable rack time.

[autotext.me](http://autotext.me) integrates with a variety of shop management systems and focuses on streamlining everyday processes, leading to greater shop efficiency, productivity, and customer satisfaction. “To keep up with digitally-empowered consumers, shop owners must integrate new technologies like autotext.me that save time, create a smoother workflow, and allow for faster communication between the shop and customer,” said John Eppstein, Chair of ASCCA’s Revenue and Benefits Committee. “It is technology like autotext.me that will prepare automotive repair shops for the future while keeping our industry competitive and profitable.”

[autotext.me](http://autotext.me) enables shops to proactively communicate and keep both shop personnel and customers up-to-date throughout the stages of the vehicle repair process, resulting in reduced wasted rack time and increased shop productivity. [autotext.me](http://autotext.me)’s digital vehicle inspections promote trust and transparency with customers and can include attached images to better illustrate repair recommendations. Additionally, [autotext.me](http://autotext.me) offers a free quality control feature, which gives shops the confidence of delivering vehicles to customers in the condition they expected and paid for with no residual issues such as left behind grease or loose belts, hoses, and caps.

Because [autotext.me](http://autotext.me) is created and developed by a shop owner, the company is uniquely positioned to understand what owners and shops go through and their need for continual process improvement. [autotext.me](http://autotext.me) has been proven to be an easy-to-implement, timesaving solution to common industry problems and is available to benefit all shop owners.

Contact us at (469) 202-4090 or [information@autotext.me](mailto:information@autotext.me). Visit us at [www.autotext.me](http://www.autotext.me).
