### **Automotive Service Councils of California Proudly Announces New Corporate Sponsorship with O'Reilly Auto Parts**

SACRAMENTO- The Automotive Service Councils of California is proud to announce its most recent corporate sponsorship with O'Reilly Auto Parts. For over 59 years, they have provided auto parts and services to retail customers, professional installers, and jobbers, with the best combination of price and quality.

Founded in 1957, O'Reilly Auto Parts started as a single store, family-operated parts supply house. The original 13-member team committed themselves to offering the best customer service in town with a special focus on the wholesale market. Their dedication to the professional helped set the stage for how O'Reilly Auto Parts would grow to be one of the largest aftermarket parts suppliers in the United States.

"O'Reilly Auto Parts is a household name, both for us in the industry and for anyone who has ever needed fixes for their vehicles," said John Eppstein, Chair of ASCCA's Revenue and Benefits Committee. "ASCCA and O'Reilly share the same commitment to California's motorists, and we are proud to have their support."

By adapting to customers' changing needs and continuing to offer unbeatable prices, O'Reilly now boasts over 4,800 stores in 47 states, with 534 stores in California and two of their 27 distribution centers. They have the largest inventory of auto parts, tools, and accessories, and provide overnight delivery on most parts that aren't in stock.
