SEPTEMBER 11 @ 2:00 PM**

Introduction to Advanced Driver Assistance Service (ADAS):

An Inside Look at the Technology and How This Will Affect Your Business

Speaker: Scott Brown, Founder of Diagnostic Network & Owner of Connie & Dick's Automotive

Advanced technologies are already on the roadways and will be headed to your service bays soon. It's likely that ADAS equipped vehicles have already been in your shop and there are things you and your staff should be aware of. Scott Brown will provide an introduction into these technologies and present some best practices on how to address challenges that these vehicles present. He will also provide insight on how to prepare for the car parc you serve and what tools and equipment you may need. Come join us for this enlightening presentation.
